BUILDING CONTRACTING

We are specialized in all kinds of construction projects such as Residential buildings, Commercial buildings, Warehouses, Factories, Workshops, Schools, Labour accommodations etc. Each project is managed by our team of highly experienced personnel, incorporating the services of various professionals in the architectural, engineering, quantity surveying and other related fields, with whom we have established an excellent working relationship. Our subcontractors have now worked with us for a good number of years and have proved their reliability and dedication to quality workmanship.

PROJECT MANAGEMENT SERVICES

We specialize in start-to-finish project management solutions. Our knowledgeable and experienced team offers solutions from initial concept and site selection phases, through to operational handover, with continued client support. Hailing from around the world, and with experience across international markets, our skilled team's commitment to get exceptional results, client-dedicated practices, and uncompromising integrity ensures all projects are delivered to our high standards and to our client's complete satisfaction. Our Architectural, Engineering & Management team has combined experience of over four decades in Construction Management, Programme Management, Cost and Claim Management in addition to all other project support services.

TECHNICAL SERVICES

We supply reliable preventative and corrective maintenance solutions for commercial, industrial and residential buildings. Our team of tradesmen carry out one off repairs or complete building projects. We pride ourselves on being competitive on price without it impeding on quality.

ABOUT US

The Blue Apple Group is one of the top-ranking certified companies in the field of Contracting and Construction. Founded in the year 2004, The Blue Apple is a dynamic and rapidly progressive business group with multidisciplinary infrastructure, Civil Construction, MEP, Project Management, Mechanical Projects like pump room installation. Civil Projects like specialized concrete laying as its core interest. We have successfully executed a wide range of multi-million projects in UAE and India from concept to reality.

The Blue Apple is managed by highly experienced professionals who have a collective experience of more than 42 years in handling multidimensional projects and are deeply committed to carrying the legacy of managing and completing all projects with high efficiency.

We at The Blue Apple emphasise on performance and exceeding customer expectations through innovation, efficiency and reliability. Our clients have always recognised us for our quality, reliability and trust and these are a testimony to our path towards quality and excellence.

We at The Blue Apple believe that engineering is a way of life and we welcome you to browse through our website to get a broader glimpse of what we do. We are pleased to be at your service and help you achieve your project goals with ease.

Why TBA?

Progressive, Precise, Pro-Active Construction - that's TBA's goals.

Our ethos is simple: We provide progressive and structured solutions to all of our clients project needs, and to nurture each one as if it were our own, with proven experience and expertise. We believe in a personal relationship approach and every project, no matter what size, has a shareholder in charge.

TBA will take care of all you need in relevance to your inquiry. Technical work, maintenance, interior design, exterior design, landscape, architectural design, construction etc. We have contracts and partnership with companies specialized in engineering services, consultancy on design, building materials, huge variation of plants, unique designer furniture, and we even customize furniture due to your needs.

Our project experience ranges from small fit-outs and medium sized refurbishments, to large scale residential developments across all sectors. Contact us to discuss your project requirements.
